

HOW TO SCORE CLUB POINTS AS AT 01/07/01 FOR THE MOOLOOLABA GAME FISHING CLUB

1. Financial Members only can score points. Club membership number must be on all capture forms.
2. Whether a fish is tagged or captured, a capture form or activity sheet, correctly filled out and handed or posted to the Club Captain, is the only valid way of scoring points.
3. Monthly capture forms, and tag cards must be in the Club Captain's possession by the 7th of the following month, if not those points will be recorded for the annual score only for fresh, beach, rock and estuary. Game fishing section is by angler activity books.
4. Capture forms and tag cards for the year whether they be for the month of June, or any outstanding forms not previously submitted must be in the Club Captain's possession by the 15th July, or those points WILL BE LOST.
5. All record claim fish in the Game section must remain in tact, any fish that is mutilated in any way must have an explanation in writing for the Club Captain to determine if the capture is legal. (Refer to Game fish journal in record claims).
6. Ganging of hooks as per G.F.A.A. rules only, (2 hooks only).
7. Heavy tackle zone starts at 100 metres depth, any line class in this zone less than 15 kg, for tagging will score as 15 kg. Point scoring is designed to accommodate species other than billfish that may be available over twelve months in this zone. Note well: Heavy tackle may be used anywhere and will score as tagging point score table shows.
8. Club fishing boundaries are between Lady Musgrove Island (North) to Tweed Heads (South). All points scored outside of these boundaries go to members out of area trophy only. No boat points will accrue for out of area points.
9. Fish may be captured and weighed on any I.G.F.A. line class. However, to score club points the fish must weight the same or exceed the line class. (e.g. A fish caught on 6kg line must weigh 6kg or better). Applies to game section only.
10. Club rally days will be at the discretion of the Committee.
11. The tagging of Billfish on line classes of less than 4kg will not be recognised for Club points.
12. On Club social fun fish weekends, (e.g. freshwater competitions, weekend beach fish), all points scored will go to the weekend competition for that particular event. Any line class may be used, and any family of financial members will be eligible for prizes. These prizes will be awarded at the following General Meeting of the Club. However, only financial members (using the relevant legal tackle as outlined in the rules) will score points for the monthly and yearly point scores.
13. For the Annual Club Champion Trophy, the member who wins must have scored points in all sections having the highest total points.

14. Fly fishing, all rules and points apply as set out for each section. The Annual Champion Fly Fisherman Trophy at the discretion of the Committee.
15. Heavy Tackle Zone Point Score:

Line Class	Bill Fish	Spanish Mackerel	Wahoo	Y/Fin Tuna	Bigeye Tuna	Dogtooth Tuna	Dolphin Fish	Striped Tuna
15 kg	3000	100	100	400	400	400	100	80
24 kg	2250	100	100	300	200	200	100	60
37 kg	1500	100	100	200	20	200	100	50
60 kg	750	100	100	100	100	100	100	40

16. **BOAT POINTS** – Can only accrue on one boat in any given season. (Change of name to another vessel during the season will not be acceptable for one total of yearly points).
17. Boat points are only eligible if the fish are caught by any angler being a member of a Club affiliated with I.G.F.A., G.F.A.A., Q.G.F.A., or an I.G.F.A. member. These points must also be scored within the Club's fishing boundaries.
